PARENTLINK

Welcome to JCA PARENTLINK!

This resource is a web-based communication tool that allows parents/guardians secure access to view grades, attendance information, and billing information. Grades and attendance can be viewed as soon as entries are made by the teachers into their electronic grade books on PARENTLINK.

This tool also allows you to view your current billing statement and payments online reducing the need for paper statements and receipts.

Although PARENTLINK is a very useful tool, it is not intended to replace direct communication between the teachers and parents. The program is straightforward and very user-friendly, just point and click and you will have secure access to your account.

To obtain your user name and password, please contact the school office at (910) 347-2358 and ask for your PARENTLINK username and password. Once you receive your log in information, you will be prompted to create a new password to one of your choice. If you forget or lose the password, you can always reset your password by clicking on “Forgot Password” and you will receive an email to create a new one.

You may access PARENTLINK by logging onto www.jacksonvillechristianacademy.com and click on the JCA PARENTLINK icon under the school calendar.

After logging on to PARENTLINK, please be sure to review and update your contact information under the My Profile tab.

If you have any questions or need help with PARENTLINK, please contact the school office at (910) 347-2358.

Thank you!
